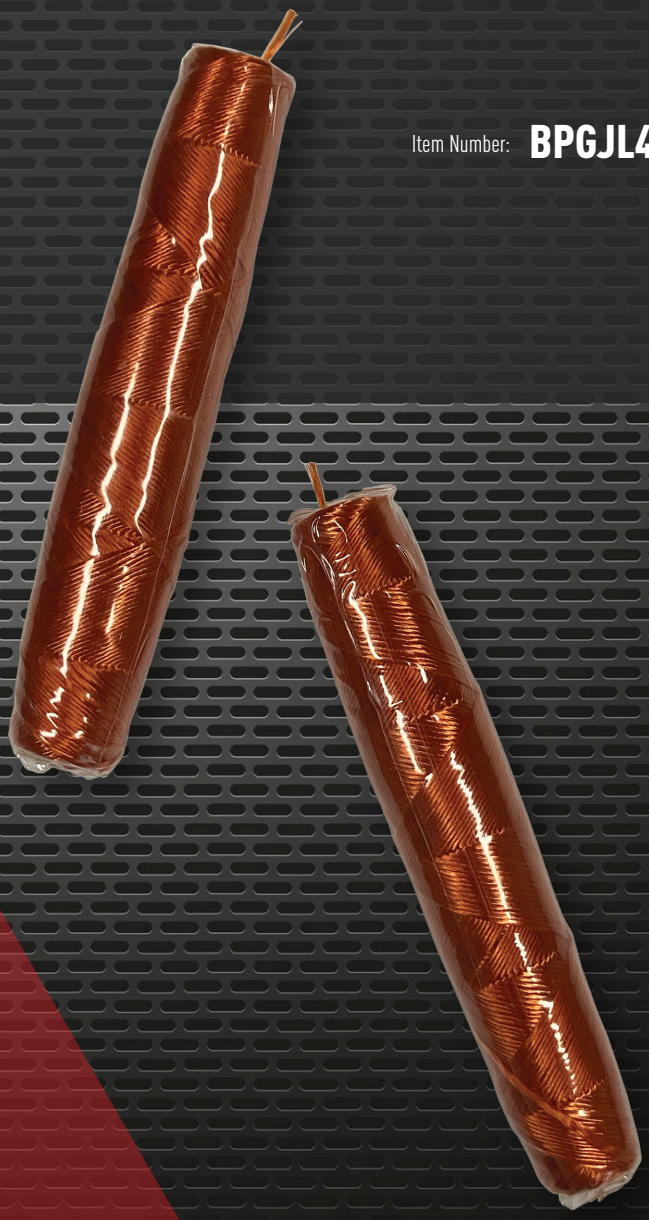
# INTRODUCING
# GRABBER'S FASTLINE LEVELING LINE

## CEILING GRID LEVELING LINE

High-visibility orange leveling line un-spools easily from the center of its dispensing tube. The dispensing tube makes handling the line easy and it won't sag or stretch.

Grabber's Fastline can be repositioned as needed without needing to reset the grid clamps.

Item Number: **BPGJL450**



## FEATURES:

**450-ft High-Visibility Line**

**Line Dispensing Tube**

**High Strength Leveling Line**
Will not sag or stretch

**4, 450-ft rolls in each pack**
