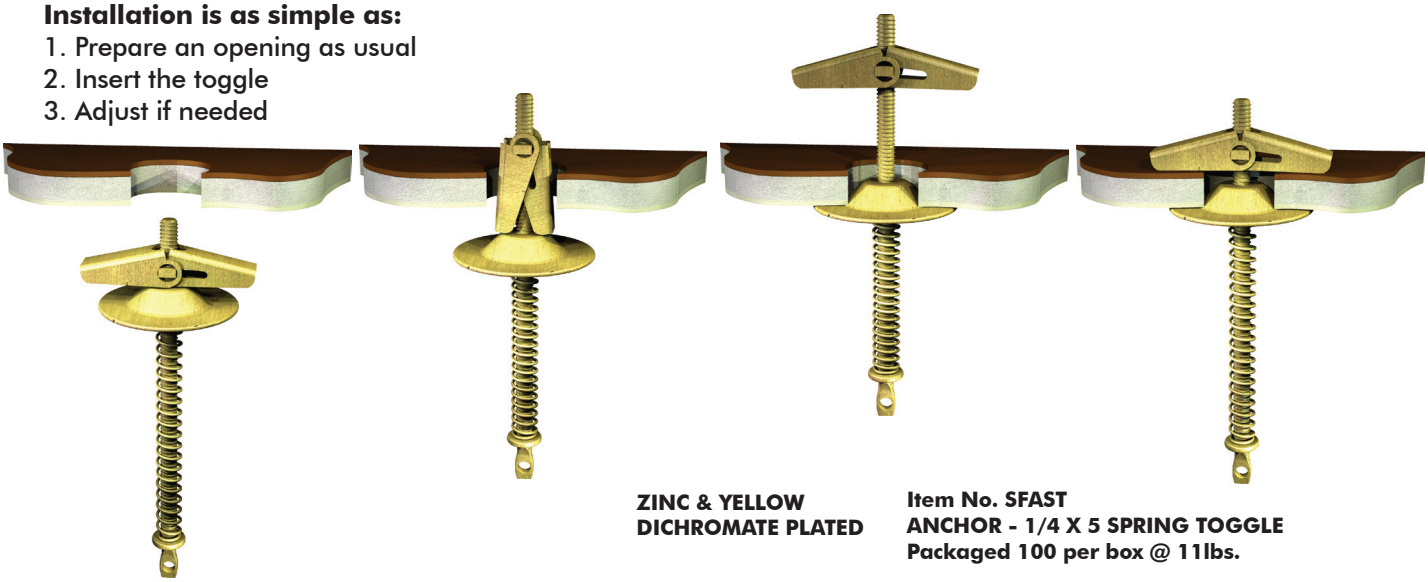
SpringShot™ Self-Centering

ACOUSTICAL TOGGLE BOLT

The new standard in acoustical toggles.

Installation is as simple as:
1. Prepare an opening as usual
2. Insert the toggle
3. Adjust if needed



ZINC & YELLOW DICHROMATE PLATED

Item No. SFAST
ANCHOR - 1/4 X 5 SPRING TOGGLE
Packaged 100 per box @ 11lbs.

The SpringShot Acoustical Toggle easily installs into various material thicknesses with little or no adjustment.

- **Special spring design – self tightening & self-centering**
- **One size fits all applications**
- **Helps eliminate migrating sounds**
- **Will not loosen under vibration**
- **Project designer preferred**

SpringShot™ Acoustical Toggle is widely popular with the trades because of its ease of installation. Designers have recognized the SpringShot Acoustical toggle's features as a significant advancement to traditional overhead fastening toggle bolts rendering the old fashion toggles obsolete. The SpringShot's self-centering washer is a vast improvement over old style acoustical toggles, making correct installation effortless. The patented spring action provides continuous pressure keeping the toggle fixed and secure, and won't loosen over time even with vibration.

The SpringShot Acoustical Toggles are shipped fully assembled providing a perfect fit every time.
