Grabber Lag Poles

Ultimate acoustical ceiling tool to keep your boots on the ground.

The Grabber® Lag Pole
The ultimate tool for acoustical ceiling contractors.

For over two decades, this original lag pole design has been a trusted companion for professionals in the field. With its innovative design, you can effortlessly install Grabber screws and ceiling wire in a single motion, all from the comfort and safety of the ground.

Whether working in tight stairwells or tricky spaces that scissor lifts can't reach, the Grabber Lag Pole is your go-to solution. Plus, it easily pairs with a 3/8 in. or 1/2 in. drill, making your setup seamless and efficient.
